16. Finance Department will make necessary budgetary allocations against budget proposals depending on the resource availability as well as overall commitments of Government of the Punjab.

Annual Development Programme (ADP)

17. In addition to the above the administrative procedures the departments are required to observe the understated parameters in letter and spirit.

- Formulation of ADP 2019-20 will continue to follow the medium-term perspective, adopted for ADP 2018-19. Such a perspective is central to helping provincial government in realizing its objectives of fiscal discipline, and allocative as well as operational efficiencies.
- Following Medium-Term Development Framework, ADP 2019-20 will comprise portfolio of development schemes for 2019-20 and projections for next two financial years, viz. 2020-21 and 2021-22 in the prescribed format.
- Each department / sector is required to submit proposed ADP including department's vision, objectives / policy and strategic interventions to be achieved in the next 2-3 years. These statements will also highlight the importance of the respective sector in the provincial economy and elaborate benefits / linkage of proposed interventions in realizing targets set out in Punjab Growth Strategy.
- Proposed interventions under ADP 2019-20 must be arranged by assigning clear and logical prioritization, facilitating readjustments and course correction during the year, in accordance with resource situation.
- **Schemes exclusively pertaining to South Punjab may be reflected under separate head within the same sector. Allocation for these districts should not be less than 33% of total size of the Departmental ADP.**
- The exact size of the program cannot be indicated at this stage; however, the Departments may prepare ADP in order of priority and according to their requirement.
- The foreign aid component for the medium term i.e. 2019-22 shall be determined / finalized by respective sectors / departments in consultation with the ECA Section, P&D Board.
- Departmental ADP proposals should be provided on proforma, as part of guidelines, separately circulated by the Planning & Development Department. All figures in relevant columns of the proforma are to be indicated in million rupees only.
- Details of ADP will be provided as per prescribed proforma. The priority for allocation of funds should be as follows:
 - a. Counter-part funds for foreign aided projects as per commitment should be given highest priority.
 - b. Maximum allocation should be provided to on-going projects that are at fairly advanced stage of implementation and have a demonstrated multiplier effect on the life of common man & economic growth.
 - c. Full funding should be allocated to projects that are due for completion in 2019-20.
 - d. Projects dealing with emergencies, such as flood relief, rehabilitation etc. may be prioritized.
 - e. Departments dealing with social sectors may focus on consolidation and improving service delivery activities, besides, coverage of uncovered areas.
 - f. Allocations for **new schemes** should not be less than 15% of the financial requirement. While proposing scheme-wise allocations, the above benchmarks may be strictly observed except in cases where feasibility or token allocations are to be made.

- g. Allocation to the districts should have linkages with their population. Preferential treatment should be given to the districts ranked low in socio-economic indicators (consult MICS, PERI & SPDC rankings).
 - h. While undertaking this exercise, Administrative Departments may also identify projects that are based on (a) Public Private Partnership (PPP) and (b) community / NGOs participation in terms of cost sharing or otherwise.
 - i. Allocations to the individual projects should be decided on the basis of past performance and the phasing set out in the PC-I / PC-II.
 - j. Counter-part funds for the foreign aided projects and projects co-financed with Federal Government be phased as per PC-I / PC-II.
 - k. For new projects, the departments shall prepare a detailed concept paper highlighting different aspects of the project. For this purpose, the details should be put in the proforma, as part of guidelines, separately circulated by the Planning & Development Department, must also be provided. This will enable the Planning & Development Board to capture necessary inputs on new initiatives. Please note that no proposal of new project would be accepted for which the proforma is not properly filled.
 - l. Cost estimation of new schemes proposed for inclusion in the ADP 2019-20 should be based on rational calculation, cost escalation and marketing analysis, because any scheme whose cost would exceed by 15% of the ADP cost would require fresh approval of the competent authority.
 - m. Project life should be kept at minimum possible so that the benefits of the project accrue to the public in time. Projections for 2020-21 and 2021-22 may be worked out with due care.
 - n. ***Each department should identify at least one project in PPP mode. However, major departments i.e. C&W, HUD&PHED, Agriculture, L&DD, Health, Education, Tourism, Skill Development, LGCD, Forestry, Fisheries & Wildlife should propose at least FIVE projects on PPP mode during FY 2019-20.***
 - o. The Sectoral allocations for ADP 2019-20 shall preferably be in accordance with the ADP 2018-19 as per following distribution formula unless special circumstances dictate otherwise:
 - i. **70% for on-going projects**
 - ii. **30% for reforms initiatives and new program.**
 - p. Only approved schemes by the competent approving fora would be included in the ADP 2019-20.
- While preparing Annual Development Programme, the Administrative Departments should keep in view that **no bulk grants / block allocations** should be made in the ADP neither un-specified allocation should be provided in the next year's ADP.
 - The nomenclature of the schemes, their approved cost, location, object codes etc. should be carefully examined and clearly mentioned in the ADP to avoid any supplementary changes during the course of financial year.
 - **Annual Progress Reports** of the departments should be provided on proforma. as part of guidelines separately circulated by the Planning & Development Department. All information must be provided showing details about work undertaken during the financial year.
- The Administrative Departments should also keep in view:
- i. The judgment of honorable Supreme Court of Pakistan passed in CIVIL APPEALS No.1428 to 1436 of 2016, M/S MUSTAFA IMPEX, KARACHI dated August, 18, 2016.

- ii. Provision of Chapter IV regarding Annual Development Programmes of the Punjab Budget Manual

Re-appropriations within Current Budget and Supplementary Grants

19. Administrative Departments may approach the Finance Department for budget revisions through re-appropriations, beyond their delegated powers using the respective forms (*Form BM-V*) as part of revised estimates instead of sending separate proposals. Each request shall be duly explained and justified. No re-appropriation will be sanctioned after the department has submitted the second statement of excess & surrenders.
20. Only in exceptional cases, Administrative Departments may request the Finance Department for a supplementary budget using the respective form (*Form BM-VI*). Supplementary budget requests will require approval from the Provincial Government (as per the judgment of honorable Supreme Court of Pakistan passed in CIVIL APPEALS No.1428 to 1436 of 2016, M/S MUSTAFA IMPEX, KARACHI dated August, 18, 2016). As such, Administrative Departments are requested to exercise due diligence while formulating budget proposals at the outset to avoid supplementary grants.
